REV HEALTHCARE SDN. BHD.

SINCE 2007

PRODUCT CATALOGUE

REVO HEALTHCARE SDN. BHD.

Revo Healthcare Sdn. Bhd. offers premier healthcare solutions with an array of medical equipments, medical sundries and home healthcare products. Incorporated in 2007, it is an ISO 13485:2016 and GDPMD certified company. We aim to offer healthcare products with quality as priority, serving medical professionals and the public throughout Malaysia.

Over the years, Revo Healthcare strives on to give the very best service to achieve total customer satisfaction. With this philosophy, we continue to harness every employee's commitment towards providing value added service to our customers. This has also led to the setting up of our Customer Service Centre to provide continuous after sales service, hence making sure that every customer's needs and problems are taken care of.

We focus on building brand names with priority given to the effort of creating new technology and developing innovative ideas. We offer a wide range of high quality medical and home healthcare products such as blood pressure monitor, thermometer, nebulizer, pulse oximeter, TENS Pain Therapy Device, glucose meter, weighing scale, anatomy support, cold/hot therapy products, food grade pill boxes, etc. We are the Authorized Representative for A&D (Japan), GluneoLite (Korea), MedAccu (Taiwan), Flexi-Aid (Taiwan), Fullicon (Taiwan) and appointed distributor for LP Support and B-Braun products in Malaysia.

We always believe in achieving quality and healthy lifestyle through innovation in healthcare technology and information sharing. We also place high priority in continuously giving healthcare tips and message to the public through various communications channels.

REVO HEALTHCARE SDN. BHD.

NovoPLUS™

Bringing wellness closer to you

The word "Novo" in Latin can mean to make a new, invent, refresh, change or revive. The Novo series of products is created from the novel idea to bring a refreshed and new concept of simplicity and quality to healthcare devices and lifestyle solution. This concept has cultivated our spirit in striving to ensure that quality and affordable products are accessible to people who care about their health and well being. We always put ahead our priority in achieving total customer satisfaction and creating value added services to our valuable customers. Here, we start our journey in what we do best which is "Bringing wellness closer to you"

NEEPO®

- IMPROVED AND DIVERSIFIED

NANO BAMBOO CHARCOAL BENEFITS

- **Far Infrared Rays (FIR) Properties**
  The fabric bamboo charcoal fiber emits FIR to activate cells, provides therapeutic heat to improve blood circulation, speeds healing process of sprain & strain and helps relax stiff muscles.

- **Efficient sweat absorption & Odor-free**
  It keeps the wearer dry and comfortable even during hot days.

- **Durability and superior washing**
  The bamboo charcoal nano particles are embedded in the fabric; thus it can be washed numerous times without damaging the charcoal qualities.
